Coordinator

# SKILL TRAINING IN FINANCIAL LITERACY

Skill development is an important bridge between the youth and their capability to secure work. With an ever increasing percentage of unemployable youth, the demand for skilled youth is also on the increase. This is especially true of the Banking Financial Services and Insurance (BFSI) sector.

Given this scenario, many Corporates are taking the onus of skill development initiatives to meet the skill gap through their Corporate Social Responsibility initiatives. Aligned to that, Reliance Commercial Finance and Reliance Home Finance, under their social initiatives, have partnered with ICT Academy to train thousands of youth in skills critical to the BFSI sector thereby providing them better employability prospects.

**A golden opportunity !!! Get skilled and build a career in the Banking & Insurance Industry !!!**
